

Tuesday Talks @ Howell Library

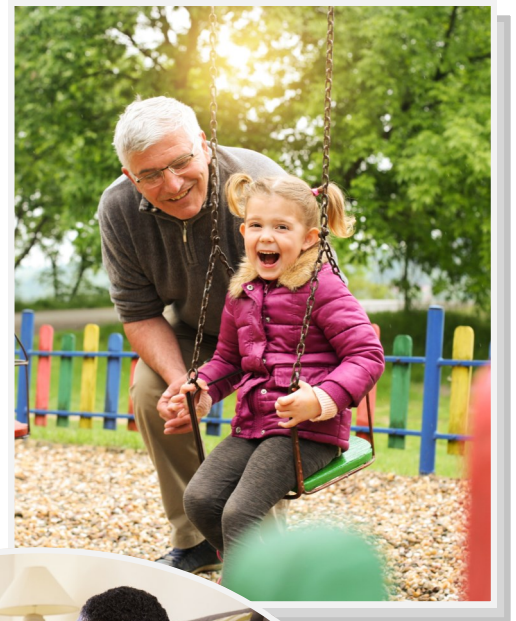

Keeping Your Grandkids Safe and Happy While in Your Care!

Things have certainly changed since many of us became new parents! During this program, we will discuss current trends in child safety in the home, outdoors and on the road. Join us for this interactive program, especially if you provide child care for your grandchildren.

Presented by Kelly DeLeon, the community health educator at Monmouth Medical Center South, and the Safe Kids Ocean County Coalition coordinator.

Registration is requested by calling the library or visiting <http://bit.ly2vvjPDm>.

Watch for upcoming events in this new monthly series!
