**Note: All Barriers must be owned by the permit applicant. Under NO circumstances are you to use any neighbors fence as a barrier.**

## Access Gates

Pedestrian access gates shall open outwards away from the pool and shall be self-closing with self-latching devices. Devices are to be 54" above grade, or 3" below the top of the barrier where the device is on the pool side of the gate and there are no openings greater than 1/2" within 18" of the device.

*I have read and understand the ISPSC regulations attached and can attest that the existing barrier or new barrier will comply with the 2015 ISPSC (International Swimming Pool & Spa Code)*
